PROFILE

Performance marketing specialist experienced in performance analysis, acquisition, tracking and retention. I translate data and business objectives into operational priorities and funnel improvements. A long-standing Sofascore user, I would like to contribute to product growth through my current expertise while developing towards product analytics.

PROFESSIONAL EXPERIENCE

DIGITAL STRATEGIST

Webgas, Performance Marketing Agency
October 2025 | September 2026

Agency experience across e-commerce, B2B and SaaS projects: results analysis, acquisition, CRM and operational coordination. Clients include Iginio Massari, E. Marinella and Fusco Boutique.

- Analysed performance and reported KPIs, sharing insights to support business decisions and budget reallocation.
- Delivered tracking and CRO activities using GA4 and Google Tag Manager, improving measurement and the customer journey.
- Planned and optimised multichannel acquisition and media buying for e-commerce and B2B lead generation.
- Delivered CRM and retention activities: segmentation, automated flows and Klaviyo campaigns for database growth and loyalty.
- Contributed within the UpTonica team to positioning, funnels and acquisition thresholds; coordinated with development on tracking, dashboards and roadmap.
- Coordinated clients, internal teams and specialists, translating objectives and data into operational priorities and growth plans.

DIGITAL MARKETING SPECIALIST

Avilia Group
April 2025 | September 2025

Strategic management of the **Amazon store** and optimization of e-commerce digital activities across the **entire funnel**.

- Managed the Amazon store, product catalogue and Amazon Ads campaigns**, advertising budget of approximately €40,000–80,000 per month.
- Achieved 30% growth in Amazon sales**, with advertising spend at 15–18% of total sales (TACOS).
- Optimised product listings, organic visibility and keywords** using Helium 10.
- Delivered Klaviyo email marketing and retention activity**, alongside funnel analysis and e-commerce performance monitoring.

AREAS OF EXPERTISE

Performance Analysis & Reporting

Analysis of acquisition, conversion and profitability KPIs; reporting and Looker Studio dashboards to support decisions.

Tracking & Measurement

GA4, Google Tag Manager and data integrations for consistent measurement of funnels and results.

Acquisition & Funnel Optimisation

Multichannel campaigns, conversion journey analysis and optimisation of targeting, budgets and customer journeys.

CRM, Segmentation & Retention

Klaviyo: segmentation, welcome flows, cart recovery and strategies for retention and customer value growth.

Product Collaboration & SaaS

Team experience on UpTonica: positioning, acquisition funnels and alignment with product development.

Business Priorities & Coordination

Translation of objectives into activities, budget allocation and coordination across stakeholders and specialists.

Marketplace & Digital Operations

Amazon store, catalogue and advertising management; AI tools and automation to support digital operations.
